BTC was sent, and user went offline and never sent Paypal! Try PM user and has not responded.

Motusora - February 14, 2020, 10:21 pm

30 mins since he's offline ,guess you gotta wait .

moneymo23 - February 14, 2020, 10:23 pm

How long should I give him?

SUI-3183372 - February 14, 2020, 10:26 pm

Was he responding rapidly up until the point that you sent the funds?

moneymo23 - February 14, 2020, 10:27 pm

Yes, he was online, and he said he didn't see it. Told him to wait a minute as it hadn't broadcasted. He then said he saw it, and asked for my paypal. When I gave it to him, immediately went offline. I have discord chat.

Damn you are unlucky man. Sorry for your loss, bad start on the marketplace.

iNviZ - February 16, 2020, 9:33 pm

What a garbage piece of can. That's a fucked up thing to do, darko going to make a signature just for you.

Mix - February 16, 2020, 10:09 pm

I feel bad for you OP you have lost nearly 1k due to bad people on this site. All I am going to say to you is try and deal with smaller amounts because people will exit for a small amount like \$200 these days. It's shitty but true.

It's sad that we can just sit here and watch [cADET](#) actively ignore this scam report.

I PMed him asking for him to deal with it and he told me to fuck off.

Fixed, op he's a dirt bag. He won't last long here almost think his account was sold or something.

[moneymo23](#) please do not forget to give [cADET](#) a negative b-rating. Go to your contract and rate him negatively.

Dude gives me negative rating and says I edited screenshots, and that I blocked him.. Really.. Dude @darko you still have chance to make it right.. this is not right, mods should do something about this asshole

SourceCode101 - February 18, 2020, 6:33 pm

Posted a fake discord screenshot and deleted and blocked me so that I cannot access the original convo.. Regardless the transaction does not lie.. His BTC address posted on the contract is:

1HtzK5kNaihMoNMvLSr1zvf8ADoTyqRg9u

You can see transaction for the 15th of Feb, date of dispute and when I got scammed, shows clearly it was sent:

<https://www.blockchain.com/btc/address/1HtzK5kNaihMoNMvLSr1zvf8ADoTyqRg9u>

Look for his btc address and you will see the btc was sent in amount of \$380 at that time

This mofo is so dumb.. But it can still be fixed if he sends PP, if not he should be banned.
