Thread: [\[Whitehat\] Let me coach you to \\$100+ per day!](#)

Hi folks!

I've been on this forum for a bit and everyone here is clamoring for the next best push button magic money machine. They are arguing over vouch copies, complaining about outrageous prices for a seemingly impossible method or buying a \$10-\$50 piece of garbage.

Fact is, if you're going to make fast, autopilot money it's going to take investment. Also, on this forum, chances are that it will be illegal or close to it. You'll be stealing or swindling or hurting someone in the long run.

What I'm going to offer here is something a little bit different.

I'd like to teach you all how to create a stable, legit, 100% legal affiliate marketing business.

It will take a little time and a small investment, but you should quickly see \$10-\$20 days and then swiftly move to \$50-\$100 days and even more.

This won't be an ebook. It will be a coaching and will include:

- 1) how to select your niche
- 2) where to find high converting offers to promote
- 3) how to promote your offer (free and paid)
- 4) email marketing (the #1 thing people get wrong)

Of course we'll dive deep in everything and I'll be able to hold your hand the entire way..

There will be small investment needed for some tools (domain, hosting, autoresponder, page builder).. But will be nominal.

Now how much will I charge?

It all depends. It will be a lot of time invested by me to help you with all the little details, so I would need to cover my time. But if I can get enough interest, I can do this in a group environment and keep it to \$100 or less per person.

Shoot me a PM or comment below if you're interested and based on interest, I will set a price.

There is no vouch copy sorry as it's a coaching. I'll provide some screenshot if that's what people want. Really just want to see how much interest to be able to keep this affordable people

Agreed, that's a rarity here. Appreciate the comment
