You can find the prices on our website. Also, clean your PM's inbox, nobody can send you messages cause it's full.

Another store is added to the collection of 2020 premade stores. We're currently working on three more that will be published by the end of this week.

passCODE - February 18, 2020, 3:24 pm

Would you like to earn with us? Do you have a well established social media profile or a network? If your answers are "yes" then you're perfect for this!

We would like to offer a chance of earning money with us by advertising our website/premade stores. If you can find a buyer for a store, and we sell it, you get a commission. The commission you get is 15% of the store's price, which means for a store that's worth \$250, you get \$37.5.

You can apply by sending us a message on the forum, skype or discord.

News: The new store will be published tomorrow!

Would you be more interested in single product stores or we should keep creating multi-product ones? If you have a niche on your mind, leave a comment below.

passCODE - February 20, 2020, 2:59 am

We are looking for someone with a huge Instagram network in business/ecommerce niche. If you think you're the right person, please send us a message.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

Stanley

New premade Shopify store is available: [Click here for the demo](#).

If you're looking for a custom Shopify store, make sure to check out [this thread](#).

Notice: Once again, the discount is currently not available. The reason thread shows the discount is because I'm out of edits for now, therefore, I can't fix the prices or add new stores. To see all the new stores, check our website.

passCODE - March 13, 2020, 7:39 pm

Ready to start your dropshipping journey? Don't spend your time on creating a store that will probably never be fully prepared for launch. Instead, buy a premade store and save yourself time and nerves.

Keep in mind that we choose suppliers carefully and even in this time of coronavirus, they ship their products worldwide!
