I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

You can buy an account with that games for 5usd or less. Just go to Russian websites.

You get the games as well as great game progression. if the account is bought by someone who actively plays, Hence why Im selling my account because I no longer actively play. As well i spent over \$350+ for the content my account has and its not like I'm selling 2-5 year old content & games either.
