TAP or Traffic Automation Program

A service i recently just launched with the intentions of fully automating traffic for the eWhoring community! This is a PAID service!

How it works?

TAP's traffic is sourced from various chatrooms, apps, dating sites, & promotions from other accounts! The idea is to keep traffic consistent, as high quality as possible, and best of all profitable! Traffic comes daily fully automated, the adds vary day to day because, the traffic sources differ each day! But, adds should consistently stay above 100-150+ daily!

Click the link below for some earning's from this traffic in a 7 day time span!

I can target country, just can't guarantee my quota for average adds per day if I do so!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Also, imagine making a comment saying don't do business with me, I've been selling a long time and it's a bit rich of you considering your only sale of this traffic came from me, DWC.

what's the "DWC" really for? just because he told someone to buy what he is offering and not from you? or is there more to the story

We planned on a partnership of this exact traffic but he's told people via discord to not deal with me

as I'm not trustworthy, also, had messages from others stating that his traffic is all LQ other than [BRAND NAME REMOVED] so I won't say anything else on this as I'm unsure myself, but someone claiming to have HQ traffic and telling people not to deal with me and being accused of LQ traffic is someone I'd personally say something I'd warn others of.

Currently talking to OP, not sure about the situation so take my words with a pinch of salt, this is not sales trashing by any means, maybe a misunderstanding but as it currently stands, I feel like OP is trying to take people away from me and only to him after this was a partnership. I gained him a sale and I haven't gained anything from him thus far.

Let's be fair. nobody expected this to be "high" quality traffic, for \$50 a week there's a limit on what you can expect.

I think you two should just deal with this in private.

I thought we were good, I'm sorry I misunderstood. I received a message on discord with you advertising my service. Same wording and price to a tee. I assumed the worse. That you were trying to steal my thunder. After our discussion I see I was wrong. I'm sorry for the misunderstanding!
