Thread: [\[CPA\] Video Game Hack Landing Pages + Video Proof Mentorship + Setup](#)

TheTeddyBear - February 19, 2020, 10:06 am

first off, my english is shit so dont be mad at me for it.

lets begin..

have you ever been to a website and found a really cool offer that you thought was too good to be true but you still wanted to try it out? unlimited free v-bucks, clash of clan gems, free cs-go skins? then you had to go through the website and it asked you to fill out a survey, download an app, complete a sign up offer?

i am sure many of you have and found out it doesn't work after you did all the hard work, well guess what you just helped them earn!

they earn around \$0.20/per complete sign up you do, whether an app stall, survey etc, while they wasted your time, they reaped the benefits! there are 2 content locking CPA groups that are well known and trusted, 1 of them is easy to get on and the other is pretty strict. i will give you both of my referral links to increase your chances, and since you are my referral i want you to earn

this is youtube CPA to the core, you purchase a domain, set up hosting, load your landing page files into your hosting, and your website is good to go, all you need is to add the content locker

here are some templates i have ready to go, if you need any custom ones let me know these templates as you see in the videos go for \$60-70 each, if you find someone else or find a different template, no problem.

here are some video proofs that i can supply with you, will be customized to your app and voice over, app install, and thumbnail, i can do this for around \$50-70 depending on what you need, of course 1080P

mentorship cost is \$150

full set up + mentorship = \$350 (this include 1 template of your choice, 1 full video, and content locker set up for you)

if anyone needs sample websites with videos, let me know i can provide more, i can answer any question!

Generally, all that setup is the easy part, does your mentorship include how to drive traffic?

Yes, i agree with you set up is easy, you just need to purchase everything - good landing page, good video proof, host, and domain good to go. but people don't know how to rank on youtube, they dont know how to drive on facebook, google ads, lots of value in this

So you do teach all sorts of traffic methods with this and how to develop the video proofs / landing pages?

DO you make the video proofs yourself, i recently bought something similar to this and am currently setting up the landing pages, but will need quality video proofs tailored to my specific niches and website, so let me know.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
