Thread: [8 BALL POOL COINS \(CHEAPEST ON HF\)](#)

Wings of Redemption - February 20, 2020, 4:44 pm

8 Ball Pool is a popular game by Miniclip available on iOS, Android, and Miniclip.com. Chips are the main currency of the game as they are used as the buy-in for the different types of games and cues. However, miniclip charges waaayyy too much for them!

I am selling coins for the 8 ball pool game for BTC, Cash App, or VENMO!

500 MILLION = \$5
600 MILLION = \$6
700 MILLION = \$7
800 MILLION = \$8
900 MILLION = \$9
1 BILLION = \$10
2 BILLION = \$15

IF YOU ARE INTERESTED, PLEASE PM ME!
