I was concerned about the price! Much appreciated. ?

I am offering a vouch copy for a few hours of testing if you'd like to use one!

I don't believe i will be able to test it within the time span. But you gotta be careful to whom you're giving a VC, most are asking just to get the product/method for free instead of actually reviewing them.

No worries, I can look at doing one for a longer period of time if need be.

Yeah I tend to only give VC's to users I think are reputable myself.

Nice. That's .50 cheaper then my current provider so I'll probably be buying one when that one runs out.

Good luck with sales man.

Much appreciated mate! Thanks for the advice ?

Updated the thread, currently have options for vouches if interested.

Bumping thread, a sale is now on due to launch day and everything looking good. Vouches are still an option, but prices have been slashes for <24hours.

Note this was dealt off forum due to recipients request, further clients will run through the contract system.

Appreciate the feedback!

Online and dealing, gained more stock!

Germany and France are also available now too.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

No I didn't. I charged you \$3.50. For a private proxy, you didn't specify what one you wanted, \$0.75
is for a shared proxy. So don't try to slander me on my own thread thanks.
