lis this new unique method? And where is it focused?

sunflower69 - March 6, 2020, 8:00 am

Is it for Kik, Snapchat, or some other platform?

Does your method requires extra investments?

Is it coming with traffic sources?

Thanks in advance.

We have 4 methods, with varying difficulties. Only one requires a small investment.

Two more methods are being added this weekend, next weekend adding another. i intend to get this ebook upto 50 methods by doing weekly updates

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Why not giving any Vouch copies?

Your method is most likely shit because you're not giving Vouch copies according to your own logic.

I would personally like to review your method and leave a honest review. Let me know otherwise my suspicions about your method are true and it really is just a crappy method.

I've been on Hackforums since 2012 and have no active scam reports.

Thanks please reply.

I think Chomies has a point here. It's unfair to call other peoples methods trash for not giving you a vouch copy and then not giving anybody Vouch copies yourself. It's good that you're trying to provide reviews but it should be solely upto the seller to give the vouch copies as he wishes to. If he doesn't, he loses the sale, due to lack of it.

Do you already have alot of customers? I'm getting into ewhoring and not the best at it, I'm looking around for an ebook your looks interesting. Have you done it yourself and how much have you made?
