How are these obtained? How does it work if we buy several in bulk, do you send them all at once? If so how do we fill the addy out when ready to ship? What if we don't use the labels right away and keep them for a few weeks?

I can't go into detail without revealing the method however its legal. For bulk yes I would send all at

the same time. You would need to know the address ahead of time. IE if your shipping out 5 items you would need to give me the address for all of them. I've never held them for more than 2 weeks but never had an issue so should still all work.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
