Thread: [Ways to find someones phone number?](#)

armstrong3066 - February 27, 2020, 6:11 pm

I need to find a targets new phone number and was thinking of ways to do this. Any ideas? I was thinking maybe using an IMSI catcher, but not sure if you can get a phone number using that. Thoughts?

What info do you have on him? Try looking through dumps.
