Some proof ? or anything ?

Why would you even sell this?

PM me for some Instagram @'s and proof of messages.

Don't want to give it out public.

(Mar 3, 2020 03:25 PM)???????????Michael Kors Wrote: [\[CITE\]](#) Why would you even sell this?
Because I've made thousands doing this and my knowledge of Instagram and moneymaking on that platform is worth money.

pro - March 3, 2020, 3:15 pm

1,000\$ a day, and you're selling it for 200\$??

Dorrance - March 3, 2020, 3:27 pm

I would need to see someone review this...I'm not a big social media guy, but I am kind of interested.

Fairplay lol

Is this related to selling shoutouts and advertizing other pages?

Heart - March 3, 2020, 3:40 pm

Lol if this method shows you how to grow real followers/engagement why would it come w/ a bottled

page and not a legit one

Money Man - March 3, 2020, 4:03 pm

Tell you what OP. I'll do 5x what you asked for after I get the method and pay from the earnings

Geralt - March 3, 2020, 8:25 pm

Instagram marketing is my main source of income, I'll be following the thread, waiting for reviews.

It's made me 1k+ a day and I thought by sharing it I could make some extra cash.

bottled instagram accounts do more than you may think. you can PM me if you want to talk some more about it.

I'll tell YOU what. \$229 paid to me and then I'll provide the method and you can get some earnings.

Listen, this stuff is a GOLD MINE. Everyone thinks so straightforward when it comes to Instagram. Their thought process is follows:

- 1 ~ grow account
- 2 ~ sell shoutouts
- 3 ~ page either dies or you sell it

Nobody thinks OUTSIDE the box. Just take some time to PM me if you're interested.

Creative Appz - May 30, 2020, 11:54 pm

How much time daily do you have to put into this (growing the account, finding buyers etc.)?

Vader - May 31, 2020, 10:46 pm

Anywhere from 30min-2hr. You can be on it every 1 hour for 2-3 minutes working on it, or you can bust out an hour of work in one sitting. It's a very "go at your own pace" type of method. I'd say preferably 2 hours a day to get 1k.

kong0497 - May 31, 2020, 11:02 pm

Seems very interesting but it's a "high" price to risk with no proof and little reputation on this forum. Is there some sort of deal you can do where I pay you overtime rather than all at once (only paying the instalments if I'm earning of course)

Joel - June 10, 2020, 7:19 pm

Can you please send me some sort of proof or vouch of this. Very secretive and I don't fully understand what you're even trying to sell lol.

I'll give it out but I want to make a thread design first. I've made a majority of my money doing this & I want to share/sell it. Do you want a VC??

I'm quite impressed you are offering me a VC , considering I am almost trashing your sales in a some sort of way (Depends how you look into that) - but that makes a good twist. I'll be glad to.

Hey there,

If you're still looking for a vouch I'd be interested in reviewing

Not just looking to take a gander and move on with my day - I've purchased various e-books (in my earlier more naive days on this forum) and have relatively good experience when it comes to

reading and analyzing information to see if there's actual merit.

Note: The review I would leave would be my honest opinion, and would come in parts - An initial impression, a review left after making an attempt (provided it doesn't look to be a waste of money), and a final review of earning.

Lmk if you're interested!

Just sold a copy of this to djisse95380, currently setting up his IG.

I'm in the process of expanding upon this method, going to make a new thread about it. It will be in essence a completely new method, using small elements of this one.

It will most likely be more expensive considering the validity of it. This one is still up for grabs! I Make a lot of my money from doing this :)

This method has been used for years by me and I wouldn't sell something that isn't great.

I even have a [smaller package](#) that costs less. Basically this one costs more because I'm doing some setup for you. Still giving out vouch copies so.. No dude I am not scamming people on HF.

I also have a [new course](#) that includes everything you need + setup start a contract/PM me if anyone is interested. This is big stuff, going to continue to use these skills throughout my entire business life, hoping some people will let me teach them :)

Vader - March 6, 2022, 11:09 pm

Show proof? I miss the old HF marketplace. I sure hope nobody buys this without any proof of anything.

You're right. I can't just reveal the account I bottled for him without his consent. But I'll bot up an account for myself and post it for everyone to see. Also I can give out vouch copies if anyone is interested.
