I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

VOUCH COPY REVIEW

Upon reading this it's safe to say that this method is meant for beginners. He does in fact tell you how to crack accounts. Also, he shows pictures within his tutorial that have meaning and will help you along the way so you do not get lost, and not only that but how to find the right tools to do it. He shows you how to setup certain programs to be efficient in cracking, and with this you can start your own account shop or generator.

The price of \$5 is fair. Obviously don't expect to get exclusive programs and configs but he shows you how to get started and from there you grow. Not to mention that he also offers PM support.

I give this a 8/10
