Thread: [Hackumans can be levelled now and become stronger!](#)

AYMG - March 4, 2020, 1:40 am

As you can guess new update came.

We can now level up our hackumans and increase their stats.

Increase XP of your hackuman by each attack and you'll get higher HP, Food Bar, Attack Damage Points and Shield Points.

eXceptional - March 4, 2020, 2:14 am

Attack Damage is very slow in getting increased. I hope mine gets increased soon enough. I'll simply keep my damage for people attacking me or maybe for making a planned attack with my crew members.

Communicating with your crew members is definitely a good way to prepare attacks.

My crew isn't really active in the game. ?

Pancake Boat - March 4, 2020, 2:26 am

That's cool. By the way hatching an egg costs 100 bytes? I guess I have to work on getting my first egg now.

100 bytes to incubate it and then another 100 (5x20) to hatch it.

Good luck getting the egg!

Thank you! I guess I need to get my hands on a character counter or something. I don't know if I am even making it to 100 chars per post.

Wow. Didn't know that this existed haha. Thank you for the link, really helpful. Before I thought that 100 chars was less than it actually is.

Try posting in variety of sections, maybe it helps. After getting my first two eggs, I had 200+ posts in Lounge with 0 eggs and then gotten 2 within 3 days apart just for posting in sections I don't usually post in.

The first 2 of mine were from classic 100 char posts in Lounge, last 2 were 200+ char posts from other sections I usually never post in.

Oh cool, I will have to try this out. Thanks for letting me know. ?

Psilocybe - March 4, 2020, 10:15 am

Noticed this feature last night! I had mentioned before that I believe it will tie in with the Hack game somehow, still think it's an interesting thought. I wonder if there will be any sort of reward/awards for battles! Maybe Bytes or even hack game cash

6syyx - March 4, 2020, 10:21 am

How do I obtain an egg? I love scrambled eggs!

This right here is the way to do it:

Working together with the crew does wonders.

yeah you are absolutely right. Working with crew to attack the same hackuman will do magic. Hopefully there can be crew vs crew fights in future as well with all crew involved.

I'm sure that's the plan.

Until then this is the way to go.
It gets the crews active and working together.

I just wish we could recruit more than 20 members.

Hopefully if this crew vs crew thing with hackuman and other games comes live and xerotic, omni and staff feel that crew option needs to have more members, they might increase number of people in it and create a 4th level crew options with the forum with 50 or 100 members. But that might be in future.
