[contract=tid]Start Contract[/contract]

Jason#8181

Spoiler ([Click to View](#))• I require payment before work is began.

- While I do try and keep design work stored safely, it is not my responsibility if I do not have project files after completion.
- I usually do not deliver project files unless it is a flat design, but exceptions can be made.
- I do not offer refunds after design has been completed.
- I will try to finish orders in a timely manner, but understand that I am a student and have real world responsibilities that may get in the way.

May I ask why do you keep creating new threads, even though you have 2 running Graphics Services thread already?

I mean, even your current signature redirects to another thread.

I mean, even your current signature redirects to another thread.

First was locked due to not having a contract button on the sales thread as I was inactive, was told to make a new thread. Second I decided to make a new one as I wanted to change my thread layout but due to the age of the thread I was not able to edit it any longer. I would appreciate future questions be asked in PM though, thanks! ?

Stanley - March 25, 2020, 2:41 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Okay yeah i have made GIFs in photoshop beforez they just didn't look as good as this lol
Another reason for me to start learning after effects.

Gotcha yeah if you have any questions about things in after effects feel free to shoot me a message ;)

open for orders
