User has an open dispute and seemed incredibly persistent on doing the deal quickly. I felt uncomfortable so I chose not to deal with him.

I advise other exchangers to deal with caution with him.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Please reply to my PM's and Conversation message..

- < Contract was made as we agreed upon
- < You didn't send any funds yet (no issue)
- < You still haven't replied in the past 22 hours of creating the exchange Contract

I asked you politely to cancel the Contract, as I don't like to wait hours (22 now) for less than \$20..

I hope you will read this eventually, and I will remove this message of course once we cancelled our Contract succesfully.

Disclaimer;

I am not claiming that OP is scamming me, nor attempting to do so, I only asked him to cancel the Contract as I don't like to wait 10+ hours (now 22h) since our Contract got accepted.

No worries so far, just cancel the Contract, OP.

I was waiting for YOU to send the bytes, which you didn't and I went to sleep. I have more B rating than you and you seem incredibly persistent on me sending the \$ first, which is quite sketchy. I canceled the contract and will not be dealing with you again under any circumstances.

Please refrain from sales trashing my currency exchange thread which is completely unrelated to bytes, otherwise I'll report your post to a staff member.
