Is this something you will be able to do for EU customers?

Cheers

No the coat is \$1k and reselling for \$1.3k

Motion hoodie is \$150 and reselling for \$250

Motion beanies are also gonna be hot this drop \$36 and reselling for close to \$100

Yeah I don't know much about what will sell and what won't, turns out every colorway I like are the trash ones.

I'll probably still go for the hoodie as a personal, and those lighters are pun-intended fire
