Giving 2 vouch copies to members I deem trusted.

[contract=uid]Buy Now![/contract]

If run constantly, you will reach about 30,000 people in 24 hours.

This is NOT to say they will all add your snap!

Here are my profits from clients gathered after just 1 night of running the bot:

I'm currently running a method that could benefit from this. If you want to give me a vouch copy I can run the program and leave results here. Pm/convo/reply here if interested.

How many accounts did you use to get that many adds?

The bot doesn't see this account, but email. Need a new one for each reddit account. I got all these adds on 1 account, but it really depends on how often people report you.

OP hit me with a vouch copy 3 days before! But was busy that time and today he just guided me via anydesk and set up the software on my PC and it's currently running fine without any issues as you can see the screenshot! Will update my post after I use these traffic for some penny!

Btw this software is kinda great and I guess OP is selling this as low for 50\$ is kinda steel!

Edit: The bot runs but I'm not getting any adds on my Snapchat! I think may be Reddit caught you lol! Try fixing it and start selling!! (currently not working)

pkdarn - March 15, 2020, 10:25 pm

Payments are closed until I find a patch to Reddit's' fix.
