Thread: [\[Vouch Copies\] Giving Away My Personal Method](#)

The Drake System - March 14, 2020, 6:48 pm

Title pretty much says it all guys. I am giving away five vouch copies of my currently private 'The Drake System' Blueprint. I started personally and privately developing this System last year, where by using it; I was able to consistently earn between \$50-\$300/daily or more. All payouts are relatively instant, and provided you follow the method as I have outlined; are practically ensured. I am planning on selling the e-book copy later on, but for now I wanted to give a few copies away for feedback.

While this method isn't exactly completely new or unknown, I have invested a large portion of time and money into revising and fortifying it to ensure safer and more reliable payouts, as well as breaking everything down into a step-by-step, concise, System, of how to replicate my success and generate your own passive income daily.

All I ask is that you neither leak, or further disseminate your vouch copy; either for free or financial compensation.

This is a System which I have personally used to not only quit my traditional job, and remain self-employed for several months at a time; and to not only make thousands of dollars for myself; but I have additionally used this system to coach close friends of my own, to make over \$10,000 in total amongst them.

The System is legitimate, involves no blackhat activities, does not involve dropshipping, affiliate marketing, e-whoring or any of the usual methods. If you follow it every step of the way; YOU WILL MAKE MONEY. It is virtually guaranteed due to mathematics and the nature of the System itself.

So if you are Ub3r/L33t, or have been here for a relatively long period of time; you may qualify for a vouch copy which will be sent via email/PM.

Comment below for additional proofs as well; I just found my old phone today so I can upload all of my profit reports as well ^^

You will probably need to PM me first seeing as I don't think I have quite met the post count required; this account is still relatively new. However if you send me your email or if you have Discord, I can send you your copy of the PDF via either of those methods ^^

Here is a link to my three day progress report using my System as I have outlined it in my 'TDS Blueprint'.

Yeah, then you'd require a contract under the category 'vouch copy', if you wish to use them on here.

I'd be happy to post a review for you.

It is not limited by country although you may need my help revising the initial setup a tad considering it was written with Members of the United States in mind.

Don't s want to sound too harsh but this sounds pretty much like some sort of betting system, and all of them are proven to be pure bs.

It's not gambling; I wouldn't promote or utilize such methods to be honest, because I've made and lost plenty of crypto doing that.
