Thread: [Coronavirus Limited Awards](#)

Omniscient - March 16, 2020, 12:02 pm

<https://hackforums.net/buyawards.php>

We have 2 new awards which will be available for a Limited Time.

This is the official HF Coronavirus award. It's \$50 but you also get one 1k Bytes scratchcard , a random Hackuman egg, and 500 Bytes.

The Asswipe award. This one is only \$25 and it's perfect for all of you Coronavirus Hoarders and Preppers that stockpile food and toilet paper. This might also be fun to Gift it to members.

I hope everyone is safe and sound and that we struggle together and make it through this. But I also hope we can have a sense of humor too. Life is stressful and can test us at any time. Let's consider what we are facing and do our absolute best to remain calm, make smart choices, and keep our families safe.

Thank you for supporting HF in this dark hour.

Any questions?

A few people already snagging this award:

Blessings to everyone else during this struggle as well, as we all invest our own diligence to safety and sanitary measures. When faced with inevitable circumstances, it is important to keep that positive outlook; cus in the end.. what can you do about it?

I highly doubt it as I'm not one of the 'first' strong Hackuman owners this time. A higher level could easily kill mine once hatched.

I received it after buying the Corona award, as Omniscient stated in his thread, including the 500 Bytes. Will hatch him tomorrow, btw!

I mean the new concept is -+5 levels to be able to attack so you might want to form some allies then rank up. I wish I had another blue egg tbh, so I am waiting on this market to open up.

True that. I hope to be strong and consistent and lucky enough to get back to the top! Thanks for the faith in me my man.

I'm curious to see what the Hackúman shop is indeed. I assume some upgrade for your pet, perhaps a 'protection' feature or whatever too. My thoughts are going wild on this one.

Dawg it cost me so many bytes to restore my health it doesn't make sense I pretty much spend around 500-1k bytes per day on feeding the guy. I might just put him up for sale tbh to save the hassle.

Damn that's a lot my man. I hope my Blue one won't take that much or to win some Bytes, as I literally wasted 15k Bytes on gambling and spent / donated \$50 at HF for the Corona award included. Don't feel like spending too much on Bytes after my spendings this week on HF and off-site too haha.

Well the asswipe award is one of the awards I like on my profile.
Also that reminds me that I need toilet paper.. I am running extremely low. I think we have 1 or 2
rolls left. =/

After that we are on small pocket tissues.. After that.. Gonna have to use my hand to wipe my
asshole which shouldn't be a problem because it is my own shiit. Would be a problem and pretty
fuucked if I was wiping someone else's asshole with my hand getting their shiit all over my hand.

It'd be quite optimistic to think corona will stop or get better by Monday. So I'd presume the award continues at least until the peak.

On the note of the corona award, I think it'd be pretty cool if the corona award spread like the actual coronavirus. As in if it were a gift-focused award.

Perhaps using real money or bytes, randomly 'infecting people' (granting the award to people randomly) on the threads you post in daily, etc. It'd take a bit more work, but it could be more profitable. Even if it isn't, seems pretty cool. Maybe a separate award given to those who spend the most money infecting other people, like a "Stay the fuck indoors" award (which incentivises people to spend money infecting)?

Probably just talking rubbish out loud though. Cool award picture.

Prince™ - March 21, 2020, 4:15 am

Gift me an award Omni. Thank you. :tongue:

Bruce Banner - March 21, 2020, 5:57 pm

Just bought the corona virus award. 5k bytes and a blue egg not bad at all!

Rayner - March 21, 2020, 6:32 pm

I'm getting fucked by this virus because I have shares LOL

Cameron - March 22, 2020, 6:20 pm

The corona award looks pretty cool. Been a while between awards so might have to grab myself one and hope I can finally get something better than a green egg ?

We have 2 new awards which will be available for a Limited Time.

This is the official HF Coronavirus award. It's \$50 but you also get one 1k Bytes scratchcard , a random Hackuman egg, and 500 Bytes.

The Asswipe award. This one is only \$25 and it's perfect for all of you Coronavirus Hoarders and Preppers that stockpile food and toilet paper. This might also be fun to Gift it to members.

I hope everyone is safe and sound and that we struggle together and make it through this. But I also hope we can have a sense of humor too. Life is stressful and can test us at any time. Let's consider what we are facing and do our absolute best to remain calm, make smart choices, and keep our families safe.

Thank you for supporting HF in this dark hour.

Any questions?Hey Omni, business and overall traffic must be good here though I would imagine with all of the schooling, government, and many jobs shut down. A lot of people are turning to their PC's to make a quick buck. Probably a nice influx in people purchasing l33t/ub3r. It's also healthy for our groups.

Anyway, how long is "Limited Time" exactly? As you can see, I typically am a hoarder when it comes to buying awards (saving up for a house and have been involved more in stocks lately than CryptoThe could be dealing with this as a human population for the next year, and despite mixed messages being thrown out there, I've been told by people I know whom are involved with central intelligence for the US and one of them thinks this is going to get super bad the next 3-4 weeks and will not begin declining for at least 3-5 months apparently.

My personal opinion? Smoke tons of spliffs, drink tea with crushed up Adderall in it, and have fun with my game server in general, interacting with my players and community and having fun, not just making money.

In any case, if I do decide to purchase one, I'd get the ass-wipe one. We'll see. Just wanted to also say hi and that you and your dev team are doing great with the forum's addon features and I am quite surprised that MyBB supports so many plugins these days. I might have to look into leaving IPB behind and trying MyBB for once. Also whoever's idea it was to create Hackuman, and release it during this time, is a genius and my hats go off to them.

HERMES - March 24, 2020, 1:56 pm

Do you have to pay for the corona award if you actually have it?

SIM-4626121 - March 30, 2020, 1:43 pm

I want the Corona Virus award.

Omniscient - March 31, 2020, 9:16 am

I can't say when I'll disable the award. Who knows how long the Covid-19 lockdown will last. Maybe I'll keep it up until Vegas bars open again.

mafiaboy - March 31, 2020, 9:23 am

Legit if someone buys me the toilet paper one I will send him a pic of my left buttcheek.

Wow like people buying the virus. If my Infection would be an Award i would love give it to someone else who would like to have it ?

When i saw the award frst i thought someone would give that to those who are actually infected. I see its not that way. Time to change my Custom User title.

My throat feels like shattered glas bwah ?

How long does it take for a award to come through after your payment is successful is it a manual process with a Admin or automated?

It is an instant and automatic process once confirmations have been made on the blockchain.
