Thread: [Looking for a mentor/guide for CPA/Content Locking](#)

PLOTsenpai - March 16, 2020, 2:45 pm

Hi everyone, I'm currently trying to start my online marketing journey, however, I'm unsure of the direction to go with CPA or content locking (best way to promote, technicalities like link cloaking, etc). Can anyone give me a little help? I'm specifically interested in instagram, youtube, or snapchat traffic.

There are tons of ways to get started. You can try SEO, paid traffic, and even spamming social media sites like FB, IG, etc.
