Thread: [\[PRIVATE METHOD\] \[GREY HAT\] \[1 COPY LEFT DISCOUNTED\] \\$1,500-4,000 WEEKLY CASHAPPS](#)

HERMES - March 16, 2020, 6:33 pm

Today I will be releasing my private method. This is truly not anything you've seen before. This is completely unheard of and unfortunately could be saturable if over exposed which is why I will only be selling limited copies.

By no means will it ever be saturated, but the more you have in this market worth millions on millions of dollars, the less chances to grab the cash you get.

With that being said, I will inform you my method is Grey Hat.. Nothing that will get you in legal trouble.

I have wrote almost a twenty page long tutorial step-by-step from start to finish on how to operate my method.

You may ask why I'm releasing this or selling, the answer is - I now have a job making roughly the same amount, some change over.

But I am traveling 24/7 and hardly have time to even be on my phone at work.

Not to mention I'm only selling 5 copies, in case I ever need to full time go back to this. I still need same cash flow.

This will take you about 2-3 hours to get your initial setup ready. It will take about a week to gain constant cash flow.

But after those 5-7 days go by you will be seeing \$1,500+ a week in CashApps GUARANTEED.

It is by no means autopilot. You take about an hour or two a day doing a few actions. Then sit back and watch the money come in.

Requirements:

- Internet
- Access to PC/Smart Phone
- Small Initial Investment
- Common Sense

Income Proof: (I can provide the hundreds of transactions if needed.)

Most of your CashApps will be anywhere from \$200-500 but roughly once or twice a week you will get \$1,000+ transactions.

Although it is very straightforward, there are some points that could have been expanded on and we have discussed those. After a short Discord conversation, I am in the loop and he has communicated to me that he will be clarifying a certain part of the method for future customers. This method can absolutely make you hundreds of dollars a week if you play your cards right, however, it is not autopilot by any means. You will need at least an hour or two a day to put in effort. The more time you spend, the higher the potential for returns.

I will be posting another full-fledged review once I am up and running with this method. It is extremely promising and I look forward to working with YourLocalPlug to make some money.

Would I recommend this method? Absolutely. No matter what, you will make your money & investment back.

I was very hesitant to purchase the first copy of an unvouched method, given the reputation of some sellers around here. From the moment I initiated the contract with YourLocalPlug, he's been in touch with me on Discord answering any and all questions I have.

The first day was full of set up and work, as it's definitely not autopilot. Barely made \$30. The very next morning, I woke up to \$175+ as noted in my previous post.

Now that I've been on it for a few days, I've made my money back and made my car payment for the month. It has only been 3 days

I tried convincing Plug to stop selling the method so we can keep it to ourselves, but he insists.

He's in the Monopoly group for godsakes and every method I have ever used from the Monopoly method has pulled me in at least 2k a month.

1.) In the title I did state this is grey hat.

2.) As I stated it's the type of grey hat work that would fall under E-Whoring if that's what you called "Scamming".

3.) "Not worth it as there's a chance you won't make crap"

I can provide any type of proof anyone wants of income :)

4.) Don't come to a thread that says GREY HAT in the title expecting some Autopilot CPA method LOL.

However I appreciate your time. Have a nice day, thanks for your interest!

Only 2 copies will be left. I guarantee the funds will be made back by the first week/week in a half. A full refund if you do not make the funds back.

I only say the the first week/week in a half because you first week is you setting up and building the cash flow.

After your first week goes by you will be seeing \$1.5k-3k guaranteed every week.

Some weeks you may get more than \$3k.
