The service sounds good, however in your terms of service you've written this:

"There won't be an argument for "what is sales trash". If we deem a post is trashing sales then your private group spot, future updates, and support will be voided."

So let's say that I'm not really satisfied with this, if I post a review I'll get zero support and help from your side?

If a user does sales trash without contacting me first and asking for a replacement or compensation without showing proof of lack of adds then your future replacements and support will be voided.

Also, the user will be blacklisted from purchasing any of our products again.

Huge Vouch Highly Recommended

I purchased just the basic package to test out this service. And I will say it was well worth the investment.

I received about 96 adds within 10 hours most adds came pretty fast; and with some adds still coming in slowly the next day.

I was able to make \$39 just from the traffic thus far without much effort at all. (Personally) [BRAND NAME REMOVED] traffic has always been good to me.

If you're looking for [BRAND NAME REMOVED] traffic, you have my approval ?

Proof of some of the adds I got before I accepted them.
As well as the \$39 I got on cashapp

<https://imgur.com/a/p5BXQMY>

Update:

Been about 24 hours and I've made a total of \$539 so far from the traffic. I will say this is high quality traffic and I will be coming back again and again :)

I got about 45 adds from 6 [BRAND NAME REMOVED] accounts (Swifter gave me an extra one) within 5 hours. Will probably still continue to get more adds later. Most of the adds were not from the city I wished for however it is fine by me considering how I still made money off the traffic. Very great service here.

Made \$320 tonight ?

Honest Review:

I have use [BRAND NAME REMOVED] traffic now a long time on my own, but I wanted to try how other people service are like on HF.

And what I like the most from this service is the price, is the most fairest compared to all the other sellers, hence we I wanted to try.

Also, [BRAND NAME REMOVED] traffic is the best converting traffic you can get for ewhoring. So if you're doing more than just selling your standard Premium. Then this is the way to go.

Lastly, I had bad luck with my traffic. But that's just how it is sometime.

Thanks for service.

wizzouzou - March 29, 2020, 3:13 pm

First of all, sorry for the comment, but I'm using a translator.

I took the order on Thursday to get my additions on Saturday night, because unfortunately it didn't work the first time he did accounts.

As an apology he offers me 2 extra accounts, I thank him.

In the end I had about 40 add-ons for 7 accounts, which is very low and it's not worth 30\$.

Anyway Swifteur is very nice, which is a good point.

I don't recommend his service, at least if you want French accounts, which he didn't manage to do (because 40 additions for 7 accounts is very bad, that's what I do with only 1 account).

Probably not fault of the OP since you paid for the accounts, that's what OP sells. If your bio, location and pics sucked it's not OP's fault for the low adds.

Would not recommend. I got less than mediocre results after trying both of his packages, and he twisted his words a lot to make it seem like his method was professional and legit. I can assure you that IF you even get traffic, 90% of the people who add you will be confused due to your name, looks, or some other simple discrepancy.

I literally got better results by making manual accounts and putting in minimal effort. Just put in the work yourself to maximize traffic tbh

I advise not to deal with Swifter too because i have worked with Swifter before had mediocre results but i really thought that was the [BRAND NAME REMOVED] traffic these days. Last time I paid him which is couple days ago,he told me he would send the adds in couple hours which eventually took him 2 days to even tell me that he put my accounts into network. I got literally zero adds,after keeping me waiting couple days more he said he redid it but i didnt get anything at all,not a single add. He is very manipulative so he will twist his words and your words to only get the money,has zero work ethics.

My low quality post as you put it, was based on the last few posts in this thread. Before you decide to attack some one, read your own thread and reassure the people reading it that you can still produce your product. Attacking me because of an inquiry was not called for.

Giving me a -5 popularity is pretty childish considering I made an inquiry only and didn't attack you at all. So now my recommendation for every one reading this post is to consider how childish your

reactions are and to think about who they are doing business with first.

How many adds can I get with 1 account? Cause the contracted customer said he didn't even get 10 adds (also send proofs in public, don't say just a number)

You won't be getting anything until you have a valid contract. Failure to have a contract can result in permanent account closure.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

ABOUT US -

We have a successful method to gaining multiple high quality targeted traffic from [BRAND NAME REMOVED] to your eWhore snapchat. We've been successfully doing this for years and have generated a lot of income with quality [BRAND NAME REMOVED] traffic. So, we've decided to open up a service to the general public as we know it's hard to find reliable and high quality traffic.

WHAT DO WE OFFER?

We use an advanced algorithm to generate multiple [BRAND NAME REMOVED] accounts all around the world (YOUR ALLOWED TO CHOOSE CERTAIN GEO AREAS). After these accounts have been generated our system will swipe through matches with human like behaviors at a random pattern. Our system will finalize the accounts and the traffic will start coming into your E-WHORE snapchat accounts.

WHAT MAKES US DIFFERENT?

Unlike other services we allow you to choose locations that you would like most of your targeted customers to come from. For, example if you wanted to get quality traffic from only Los Angeles California then we can setup the accounts where it's only targeting from that specific location or area. If you would like a broader location like a specific city, that is available as well. Another great use of our service is that the adds don't stop within 24 hours, most accounts will keep generating more adds from the exposure of these accounts. Unlike other systems our accounts won't get shadow banned or banned quickly causing you to get adds over time.

I WILL SELL COPIES OF THE BASIC PACKAGE FOR 8000 BYTES IF YOU CHOOSE TO PAY IN BYTES.
