If you would like a more detailed vouch with screenshots and monetizing differences (what you will need for actual sales); please reach out!

All my customers have profited by the hundreds and left nice reviews. I will give you a discounted promo but that's the best I can do!

Where are the screenshots of engagement differentiation? Where are the screenshots of type of traffic? Where is all vouch proof as opposed to the screenshots that are on your actual thread. I'm just saying man, this is why sales aren't flourishing... this type of offer would be hot as hell here if the

right vouches were on this thread

Still not exactly what I am taking about. If you want to offer a \$10 24 hour story post I'd gladly post a kind review and show you. Regardless best of luck with sales!
