SIM-3323508 - March 21, 2020, 9:15 am

Very happy to be apart of this group and I look forward to seeing what is to come next!

Ruggzee - March 21, 2020, 9:30 am

Cool group, love the idea behind. Crypto, is my way of income. I trade in person for a living in Salt Lake City, and am a part owner in now 10+ BTC ATMs across Utah, and sweeping into Idaho.

There is a much different spread here as far as profit goes, so I've expanded here now that most of my business is self ran, besides a few weekly meetings to do swaps.

Group looks awesome! Best of luck gentlemen.

123 - March 21, 2020, 9:45 am

The overall idea behind this group is really nice. Looking forward to some cool and knowledgeable tutorials from Monopoly members for general audience.

Almost everyone is quarantined right now. Plenty of time to write some tutorials.

Good luck [Instagram](#) . Will keep a close eye on upcoming tutorials.

Social Engineer - March 22, 2020, 11:51 am

This looks like one of them groups I'd love to be a part of, however not in a position to purchase a spot right now.

You should consider adding an apprentice rank, for those that are new to the whole online monetising thing.

omy11 - March 22, 2020, 9:03 pm

I was about to buy-in to the group and i just realized the price has been changed to \$100 from \$75, rip.

Snowwy - March 23, 2020, 5:02 am

I bought into Monopoly today and I am excited to see where this group goes. It definitely has great potential and I am very keen to start making money. I think the buy in fee is very fair for what could come from this group. Username colour and userbar look awesome too.

Stepdad - March 23, 2020, 8:44 am

Looking forward to being a part of you fine folks!

Casual - March 23, 2020, 4:30 pm

Only userbar worth a damn. I love the idea and theme behind the group.

Never feel bad about making a profit.

Mix - March 23, 2020, 4:55 pm

Thought I posted on this thread before but I guess I must have seen it wrote something and then did something else in another tab and forgot about it. Sounds like me. Anyway on topic.

This group looks like it will be something new and maybe even be a new resource and line to show other groups or maybe even new groups how to really hold onto a group. I cant wait to see what is the next move for the group, I am just on the edge of my chair thinking about it now.

vyactor - March 23, 2020, 10:00 pm

Userbar and graphics look dope IMO.

I've applied to join the group. Looking forward to your response.

Simplicity! - March 23, 2020, 10:02 pm

Great group idea, it was definitely something HF needed. Userbar is well designed, props. Good luck with the group!

SIM-3323508 - March 24, 2020, 10:27 pm

Very good group and happy to be apart of it!

Ash Ketchum - March 24, 2020, 10:29 pm

I own a business, and do a lot of stock trading/ crypto trading and have done for 7-8 years now.

I'm not the best at writing stuff because of my self taught english, but i think id be a positive asset to this group, i can help people grow small real businesses or mentor people on things alike.

I'll leave the invite upto you, regardless very well designed group.

Hello Instgram. I am someone who has been earning money online now for over 4 years. I'm not someone who knows everything about eCommerce but I manage to net myself anywhere from £500 - 3500/month. My keen eye for trends coupled with my ability to code has netted me great profit over the years as I am able to take advantage and code my way into profit!

I am curently extremely experienced with Ebay with one of my new accounts netting over \$1200 already in the past 2 weeks of selling. I also have tips and tricks on how to bypass the item hold limit allowing me to profit off things that break terms-of-service such as spotify upgrades & Netflix accounts.

I hope you will consider me for a position in your group as I am greatly interested and would be pleased to help write some threads/guide other users.

Thanks!

- Joel

Algo-rhythm - April 19, 2020, 4:55 am

Hey Instagram,

Consider this as my application for the group.

Why I should be a part of this group?

I am a long time ewhorer and I know how to create unsaturated ewhoring packs (also have an ebook up for sale regarding the same). I am also a part of a big trading community and know how to set up bots with custom trading strategies.

What I do?

I am a 30 year old banker and earn a decent amount of money as salary. I am also a singer who can sing a variety of songs in my native language (can sing in English too).

What I want to do?

I want to set up my own online business and that is the reason I want to join this group (since this group seems to be rich with HQ members).

Thanks and regards,
Algo-rhythm

The graphics, idea behind & the overall positivity of the group really appeals to me.

I would really like to be a part of the group.

I have done a lot of eCommerce in the past, with great success. Nowadays, I manage FB pages and their ads, because it's a lot easier and gives me a better hourly wage.

I also have 97% of my net worth invested. I invest with a simple approach, backed by statistics, and not rushing it - that, I believe, is the best way to get rich. I would love to share my knowledge with all of you! I already have a couple of stock-related threads here on HF, and definitely planning to open more.

Definitely better than these new fake buyin groups bud.

eXceptional - August 15, 2020, 5:09 am

Definitely worth the buyin if not invited. The resources are really helpful and the group is active.

I'm very happy to be a part of Monopoly Family!

For what's to come is a secret for now I guess.

You would have to be invited by one of the leaders or submit an application if you're not looking to buy in.

I am sorry but I am a little confused on the GFX. Are people required to wear those logos while in the group?

No you don't have to its just an option if you want to use the Monopoly avatar graphics.

VGM2021 - September 9, 2020, 9:43 am

This is an amazing group - I have been investing a lot of my time into online money making methods (affiliate marketing, CPAs and other BTC related stuff) and would be great to network with like minded people. Look forward to joining in the future.

Blockonome - September 14, 2020, 7:09 am

Okay, so please tell me, is it still available to join this group and help with those topics needed? If yes, where can I apply?

Hello im a certified machine learning and trading specialist i could write guides about applying new ai techniques to algorithmic trading for stocks, as well im working on a reinforcement learning agent for thats made by an individual with a phd in reinforcement learning, I know i have a lot of valuable information in my head and I think that might be worth sharing to gain access to what everyone else is sharing.

Thanks for the consideration, i've been around hf since 10 years ago but i lost my account started again recently

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
