Thread: [Seeking Experienced C Coder](#)

**Charger** - March 22, 2020, 12:11 pm

I'm looking for an experienced networking c coder. Don't reach out if you don't have examples of what you've done with networking in c.

Use HF CONVO. If you PM me to add you on discord I am -5'ing you.

I have a small project I need to be made.  
[contract=tid]Start Contract[/contract]

**Neos07** - March 22, 2020, 2:44 pm

Send me a pm with the details please.

Not sure how to use messenger here but I am experienced networking in C. All my work is done at work but I am very familiar with Windows API (Winsock). As well as using SSL/TLS via OpenSSL or other libraries.

I've started a convo with you

My budget is around \$100 and i'm looking to get this done ASAP

**Charger** - March 25, 2020, 5:43 am

I am still looking for this.  
Please reach out if you'd like to do this.

**Stanley** - March 26, 2020, 6:49 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
