Thread: [Dexter's Spotify Upgrade Store! - Get Spotify Premium! \(\\$5 for LIFE\)](#)

Dexter. - March 25, 2020, 9:51 pm

Tired of Ads? Not being able to play that one song you really wanna hear? Don't worry bro I got you.

Dexters Spotify Premium Upgrades is here to help you get Spotify premium and look like a baller, for cheap. (Don't worry we won't tell).

How does it work?

Pretty simple! You just need to tell me what account your Spotify is registered to, and the email! Before you know it (roughly 5 min max) you will get a nice invite link to join a Spotify Premium Family Plan!

What happens if my account loses the premium?

Easy, its lifetime. This means if this happens I will get you another invite link! Good for life!

Super easy to work with, and one of the most responsive guys I have ever met (despite me not having any questions due to his simplistic process). Spotify account was upgraded almost instantly; and currently browsing all premium music I could ever want
