Thread: [Microsoft HOF Hall Of Fame Bug Bounty 1 Spot Only](#)

SECBypass - March 26, 2020, 1:21 am

Recently got an XSS submitted and approved. If someone wants to list their name in Microsoft Hall of fame here :

<https://portal.msrc.microsoft.com/en-us/security-guidance/researcher-acknowledgments-online-services?rtc=1>

Message me with their offer. I already have my name in there so let me know if someone wants this.

Great for Resume, brag and what not.

Will also disclose the bug write up.

Thanks

Lol I see people offering this in the past over here. Find it funny for some reason.

Guess you were the same person? Just in a different account now?
