Thread: [\\$200 BTC GIVE AWAY](#)

Elusiive - March 27, 2020, 11:07 am

Hi there

This is the second one of these I am doing and I hope whoever wins it will benefit greatly due to the current times.

1) Leave +rep (L33T: +1 | UB3R: +3 | V3ND0R: +5) Upgraded Only - If you're not upgraded you will need to post here 5 times collectively before the end date with something about yourself. If you don't post 5 times, you won't be entered... No spam either.

2) Post on this thread stating how much Rep you have left me - Your post number will be your ticket number. Your FIRST post will be your ticket number. Posting again will not get you an extra entry only the below.

3) If you have an aged Facebook account and are willing to post a review to a business page, you will receive 3 x the entries. (Your ticket number entered 3 more times)

Only people with FB accounts deemed suitable will be able to do this - PM your link or summary of your account... No fake accounts, No accounts that are clearly not active.

EDIT - IF YOU CAN LEAVE A REVIEW ON TRUSTPILOT TOO WE CAN 3 X YOUR ENTRIES!

The giveaway will end on 1st April 2020

Winner will be chosen on Random.org.

Ouch, hopefully his giveaway wasn't fake. This was forever ago. Did you contact him a long time ago or only recently?

Actually he had given me partial money and keep on promising that he will send what is being left. I tried to send him pm but it doesn't get through it seems he disabled or something not letting me to send him pm but I have send him messages on conversation but he is not answering anymore and it

came that I get a month of vacation here but until now he haven't send the me rest.

Hoping he is fine and will get to communicate with him now that I am back :)

He hasn't logged in since 14th April, hence why he doesn't read your messages

That's why I have posted and asked what has happened to him?

And even when he managed to read our convo he didn't tell me why I can't send him a private message it seems I was blocked or something he doesn't allowed to get private message on his inbox and he had just promised me couple of times on our convo that he will send it over and never happened until the time he didn't managed to log in to his account.

Pretty sure that this constitutes as a fake giveaway scam now since he is yet to pay you half the reward. You should report this to a staff member.
