Rikko21 - March 27, 2020, 4:05 pm

The best stake.com settings!

This is fully autopilot & will make 30\$+ (scalable) a day.

50\$ BTC or PayPal (+5%)

Recommended deposit: 10\$

8-hour session (+10\$ TRX)

Total profit (approx 30 hours) (+55\$)

(On stake you have to ask support for your profit/loss stats)

I am giving a vouch copy out to 2 highly trusted members.

Hello, I have added you on disc. I'm interested in reviewing this and posting a very nice review for you! I have any funds needed to invest to begin.

DangerZoneTeam - April 14, 2020, 1:00 am

Vc still available? Would like to try if this works

Faucet Failure - April 19, 2020, 6:36 pm

Got a vouch copy for this and it is a little slower than I like it to be but it has great crash recovery. I'd recommend doing this with a minimum \$30 pot and it's easily scalable and he provides support for tweaking it.

Why was "little slower"?

Did you deposit \$30, right?

How much did you profit and how much time it took?

Thanks

I'd love to have a Vouch Copy, if you have one available.

Thanks!
