HERMES - March 29, 2020, 4:04 pm

SELLING RESELL RIGHTS TO METHOD HERE:

- <https://hackforums.net/showthread.php?tid=6066002>

Due to the major success my last method had and all of the money my clients already made within just a week of my

them having it.. I would like to release my side income guide. ?

Unlike my last method, this one is FULLY whitehat and auto-pilot!

Of course, you have to click a few buttons per transactions.

The transactions will bring you in \$20-300 per sale.

- You will be paid via PayPal, Venmo, BTC, Cashapp, etc.

- It's fully WHITEHAT & LEGAL.

- Requires at most 30 minutes a day of actual work (Doing the transactions)

It does not include:

- E-Whoring, Shopify, E-Commerce, CPA, PPD, Surveys, none of that bullshit.

Although it is not some NASA top rated hidden guide, it is proven and a great solid income.

You will be accepting payments from roughly 5-10 people daily.

They will be making money from you, so basically they do all of the work.

You just sit back and collect all of the profits.

Below is an example of how your transactions will look,

here's screenshots from one of my guys I take transactions from just within one week:

Spoiler ([Click to View](#))

I am only selling limited copies, as I do provide mentoring and support.

I can not provide quality support having 100+ copies sold.

Going to wait for the vouch copy review from someone.

Stepdad - March 29, 2020, 4:08 pm

After receiving a copy of this, I can confidently say that this method will earn you money. There is absolutely NO chance of losing money doing this, as you quite literally turn a penny into \$5. YourLocalPlug is extremely responsive on Discord and will be there every step of the way to assist you during set-up and execution of the method. Considering that it's whitehat, you can expect to put in some work. With a little investment you could easily make this autopilot.

GLWS, op.

SilverAmerican - March 29, 2020, 4:08 pm

I'll take a vouch copy man! Hit me up bro.

OfficialLemon - March 29, 2020, 4:13 pm

Interesting. I would love a vouch copy as well.

I would leave honest review.

I've never really believed in threads like this, prove me wrong!

mudbenson - March 29, 2020, 4:14 pm

I will buy the first copy.

Kash Studios - March 29, 2020, 4:14 pm

Does this work worldwide?

Ravioli - March 29, 2020, 4:15 pm

Why did you give a vouch copy to someone in your group? 4 minutes after you posted the thread he posts his review... really?

I'll take a vouch copy and actually review it. Cheers!

You can't stand up for yourself when people call you out on some oddities so you go attacking them because apparently they're "broke" to you. Who the fugg would want to do any kind of business with someone as arrogant as you? You're a scammer and its obvious. You've been called out by both upgraded members and non upgraded members about your fake vouches, no real proof and reviews, and now you've just shown everyone who IS (a real person) and actually interested in your method that you're as fake as can be and only care about money. The only thing you pride yourself on is scamming kids on HF who don't know the difference and see your method. Any legitimate seller would have taken my questions into consideration and formulated a solid reply. Not some little kid who gets called out and defends

himself by saying that everyone who "sales trashes" is broke, or depressed, this or that. You're about as fake as your methods, and tell your "people" they can all go fugg themselves, considering they're all in your brain anyway.

I think you both handled this poorly.

rSM your first post was completely reasonable, asking if he could explain some sketchy stuff, and he didn't exactly reply well, instantly going the "your poor, i make money" route.

But at this point you are both just going back and forth and not accomplishing anything.

Edit: just my opinion on things, it is kinda weird how half your B-Rating // the posts on your thread are from people in the same group as you, imo vouches from people in the same group as you mean nothing, but can see why you have them. just my opinion
