I don't find anything troubling about having to stay within the confines of my own home.

Everything I need is right here.

I'm enjoying this more than most people.

Anyone with me on that?

You should be more tolerant in these troubling times. it is unprecedented what happens!

JK, I'm full of it too, but there are some who are too stupid to A) get it, B) remember it the next day, so the media and govs have to repeat it..

Yes, I am enjoying it as well.

Got the much-awaited break that I needed!

Just got into Rc drifting hobby. It's difficult to control the angles but will master it with time :)

Time is all that we have till the lockdown ends!

Rest of my time I've got Dota2 and Netflix!

Keeps me busy!

Stay Home, Stay Safe!

Cheers!

The less I watch and read news the better, I just catch up a little in the evening here and then and that's it. People who constantly look for news are gonna lose it

Luca - April 1, 2020, 3:12 am
