Any vouch copy ?
I'll do detailed review.

Edit :- If your method works I'll pay you as well ;)

NoSuchAgency - March 31, 2020, 11:26 pm

I'll buy the discounted copy right now sir, let me just get my bitcoin

I have done read through the method completely now, and it is relatively short but has some really good information in here. I have no doubt that this method will make me money, I'll be posting live updates of my progress with this method as I go along with it.

He hasn't hesitated to help me out with any questions and the ebook is written very well. I didn't notice any grammar mistakes.

Hi all, just to say I purchased the first copy and method is very informative and well set out.

The most glaring thing for me has been the support, absolutely outstanding and without a shadow of a doubt the best I have had on HF after purchase.

Simplicity! is an absolute gent :)

I've not had time to set up as yet as 'day job' has got in the way!

I Will update, probably next week.....

Please show your latest stats from CPA-networks, screencast preferably.

mudbenson - April 2, 2020, 11:42 am

I purchased the second copy of this guide.

After reading through it, I can tell that you can make some real, passive income from this method. If I was given the method and was left to do it on my own, I would be a little worried... HOWEVER

Simplicity is always standing by, ready to help in any way possible. He is willing to do whatever it takes to enable you to succeed.

I am extremely happy I purchased this guide, as with Simplicity's guidance, failure is simply not an option. You will EASILY make your investment back in a few days, and making 3k+ per month is a given.

I rather see screenshots of your CPA graphs rather than random paypal transactions. I don't even see why you would have to blank out the sender info when it literally is just your network sending the money

Hi. I can't show you the network, because it's a part of the method. I'm taking a different approach to CPA than what most people do. Method is absolutely user-friendly and requires no previous experience. If you're looking to purchase and have more questions, I'll be more than happy to assist you.

The fifth copy is still available for grab to those interested.

This method is definitely a great opportunity and such a hidden gem for people that want to get in the field of making money with CPA. I'm helping everyone out as much as I can, striving for success. The payouts are sent every xx date of the month and I'm currently following the progress of all my clients. If you have any questions, I'll be more than happy to assist you.

Hi. There's an approach that you can take to make the process more automated, very close to that, however not exactly autopilot. I'll be with you throughout every step to ensure that you succeed! I'm available & will answer any questions that you have.

Hi. Initial set up usually takes less than 60 minutes. I'll be available to assist you during the whole process.

Phase - April 7, 2020, 6:38 am

The support of Simplicity is absolutely outstanding. I'm very pleased with my purchase. I can't see having any problems with following the steps because it's indeed explained very well. I have previous experience with cpa, which is a huge head start for me, but even if you have no previous experience, this is still a very good method to get started. As you said, it's not exactly on autopilot, but the creativity of the method makes it an absolute winner. There seems to be a huge potential and we will see how it goes.

Hi bro, I would like to know if the method works with paid or free traffic, do I have to invest additional money in tools? How many hours would I have to dedicate per day to the method of making, for example, \$ 100 per day, thanks.

Those are some good questions. Regarding the time that it takes - there's an approach that you can take to make the process more automated, very close to that, however not exactly autopilot. Depending on which approach you take, you can go with either for the traffic! Initial investment is ~ \$15 or less. The method is extremely scalable and doesn't require much time once you get everything set up and going. Feel free to hit me up if you have any additional questions.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

So far I just saw good words about the method and no one is writing is this successful or not?
Although 400\$ to spend on the method that you don't know will succeed is not a joke.
Must provide more info Op

Would love to see proper proof please?

All these people buying but arent showing any solid proof?

Thanks

Interested. Added you on discord to ask some questions :)

gloccforty - April 16, 2020, 12:38 am

Im interested like everyone else but like they said no one is providing proof and as i see you beat mostly all of your disputes due to very good upfornt explanations but that doesnt mean anybody is making money it just means you know how to say the right things. Please proof first and foremost REAL VOUCHES not just read alongs i need updates from multiple users so i know its not just multi inspect elementing results or even worse sucking each other off with vouches in order to boost sales for each other

johnmichealwa - April 16, 2020, 2:05 am
