(Apr 1, 2020 08:47 AM)OMARATION Wrote: [\[CITE\]](#) How much is it usually for graphics cards? 2080 ti to be precise.Looked around and can't find any cheaper 2080 Ti's unfortunately. No discount prices on them. Usually harder for me to get my hands on more expensive electronics like graphics cards but Ill keep looking around and if there is any other graphics card or electronic you have in mind let me know!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
