Thread: [Post Edit Limit Question](#)

**Ruggzee** - April 1, 2020, 8:07 pm

Hey guys, had a question. I see now the post edit limit is 15 for a full edit, mad at myself as there is a thread I simply want to change 2 things on in the title, and now cannot.

I see I can buy a sales tag and that 15 would bump to 20. I also see, buying a stick gives you unlimited edits, but just if it is the first post? A little confused.

My question, if I buy a paid sticky, can I do a full thread edit?

Thanks!

Yes, paid sticky let's you edit the post.

Charger is correct. Also, if you don't want to worry about editing ever again, [purchase vendor](#). \$100 btc one time and you get unlimited edits on all of your threads, contract templates and more.

You can find all the information here <https://hackforums.net/misc.php?action=help&hid=41>

I believe what it means by first post is the original post.

If a thread consists of multiple posts, you're only able to edit the first post unlimited times (if stickied).

Quote me if I'm wrong.
