Thread: [Crew Tier Changes](#)

Omniscient - April 4, 2020, 1:55 pm

I have altered the Crew Tiers. The Cartel will be 500k ? after today. The Syndicate is max 10 users, allows custom userbar, doesn't expire and is 100k ?. The Street Crew is 50k ?, doesn't expire and is max 5 members.

I hope the changes makes these extra Crews more attractive to members.

Enjoy!

nice,

actually may try selling my cartel and just buy a syndicate with bytes.

the sole reason I got the crew was for the freely changeable gif userbar, pretty cool feature tbh

Dorrance - April 4, 2020, 2:21 pm

Great news, I'm about to snag up a syndicate here I go?

Omniscient - April 4, 2020, 3:25 pm

Cartel now 500k ?.

Mix - April 4, 2020, 3:40 pm

Interesting changes would you be able to upgrade these crews later down the line or is that something you won't be doing?

Motusora - April 5, 2020, 6:47 am

thanks for the update sir.

SaintJimmy - April 5, 2020, 6:55 am

Nice changes. Some of these are really cheap to grab one. Others have made the value of the other crews just go up. Would be nice to see if people take this opportunity get some good crews out there while there's still time.

Astrogen - April 5, 2020, 8:43 am

Nice changes, this would let small crews shine with their userbars aha!

eXceptional - April 5, 2020, 1:24 pm

Best changes that could happen to crews. Hack Forums is getting better.
