#I want to get into Bourto, but due to the mixed reviews I'm hesitant.

#What's y'all opinions on Bourto, did u enjoy it, or was is all filler?

mindshift5 - September 24, 2020, 4:53 pm

Well the manga is actually good of recent... I'm not so sure about the anime

pissedaf - September 24, 2020, 5:34 pm

I'd say its trash but mostly because I'm biased towards Naruto. Out of 160 episodes I'd say I liked 4-5 of them and it's been mostly fillers for the past 30 or so episodes

I'm a big fan of the series Naruto and the video games, but I dropped Boruto at around episode 70. Personally, I wasted my time watching the anime, when I could have found a quality shounen anime to watch after Naruto. Just my opinion, the series does have plenty of good games.

I didn't watch this but I heard that Boruto background themes are complete trash.

I really liked Naruto and Naruto Shippuden but not Boruto, the story seems mixed up and the plots are seems predictable.

darkthrone99 - October 1, 2020, 7:14 am

At first I don't really like Boruto coz I don't what's is the point in creating this anime other than to make use of the popularity of naruto shipuden.

But after watching the anime, I think it's not that bad.

No, Boruto Naruto Next Generations isn't as good as Naruto and Naruto Shippuden. It's still good, just not as good. As for the characters, Naruto is better

How do you feel about the nerfing of Naruto and Sasuke.

It kind of makes me mad it is like a slap in the face for loyal fans.

Trash as hell, after watching Naruto, this definitely sucks...

Mokhtar - October 16, 2020, 7:53 am

Trash for sure and that not change any time

Artisan - October 17, 2020, 12:01 am

I dropped Boruto after around 15 episodes. The makers are just milking the series for money and it sucks.

MostaqIGigs - October 17, 2020, 2:05 am

i honestly didnt liked it, the idea of a new generation just didnt fit with me, i think if you were a fan of naruto then boruto will look empty

zelus - October 19, 2020, 7:01 am

With the rate they are going, i see them shooting AK47 one day in boruto

Dinosaur - October 24, 2020, 11:28 am

I'm not fun of boruto, I don't think that is a trash but it's a bad version of Naruto series

Nihonjin - October 25, 2020, 11:56 am

It's okay, however I think their trying to incorporate Naruto far too much. The beginning was off-putting solely because it was built around Naruto still. It's hard to shift focus off of him and to individualize Boruto. At some point it'll feel like the show is boring with Naruto.

wel the first eps are a bit trashhy but after that it turns into a lit anime so yea good

6syyx - November 5, 2020, 11:33 am

Sirbonbon - November 21, 2020, 1:53 pm

manga is amazing but the show isn't that good
