Welcome to my OSRS Quest Service thread!

Do you hate doing quests or just don't have the time? I will do all quests except for DS2 / MM2 / DT / SOTE.

-

How does it work?

We will be using 'Teamviewer' which lets me control your keyboard and mouse so everything can be done from your IP/PC.

Absolutely NO botting, I will be doing the quests myself and there is no risk that your account could get banned.

Ocarina completed a free trial for me and it went absolutely great! Ocarina does everything over teamview and gets everything you need while also getting your quest done. Fair service, and a huge

vouch for him. Good Luck with selling!
