Thread: [{SOLD MY SOUL} I made 1,300 \\$ today from BTC and 5000 from 1 customer.](#)

The One And Only - April 6, 2020, 11:45 pm

Today I cashed out my BTC wallet which I slowly built from the corona scare with 20 dollars when the prices dropped to almost 2k. I sold out finally just now at \$7369 each coin.:

at about 8 PM I learned what it truly means to sell your soul. All I have to say is :

I also just picked up a 1 time 5 minute job for :

Things are changing from here on out. Stay tuned for my 50k UPDATE shortly.

The UnionBank image can be easily edited, especially a PDF.

If both earnings are real, you made a nice buck.. If you 'sold your soul' you made a terrible deal, regardless of the amount you'll show. So after some cringe, doubts and weird read, I want to congratulate you my man.
