Thread: [SMS sending AND receiving online](#)

coolluci - April 7, 2020, 4:49 am

Hi everyone,

I'm looking for a service that allows you to both send and receive sms online. Google voice is not an option cause what I need is texts outside the US.

Any service with international sending and receiving available?

Lemme know! Thanks!

virtnumber.com - they take BTC too.

Juffar - April 7, 2020, 7:27 am

Receive: <https://autofications.com/>

Send: <https://autofications.com/spoof.php>

Use the app TextMe

<https://go-text.me/>

I use this too.
