I have received a vouch copy from Josh here. Although I am not invested in the eWhore world at the current moment, I do have my experience and exclusive niches that allow me to provide a very critical evaluation

Let me start my emphasizing how formal and responsive this user is on a day to day basis. This is one of the most important attributes many sellers leave out when emphasizing just how "worth" their writing is. Although the ebook may be worth as much as they intend, how long are you going to need to wait for answers to your problems. With Josh (unless he is sleeping), you can expect the support you need

Now down to the method, this is a complete all in one. When diving into a new world and/or expanding your current capability; there are many routes you can take (some that even require further investment). Nothing is worse than an ebook that tells you what to do and sends you in a wild goose chase. With this ebook, you are provided with everything you could ask for; along with the direction. If you are searching for an ebook that is worth your investment, or in other words includes all necessities to begin generating profit, this is the one for you. This user has shared profits with me through screenshots with an upwards of \$500 a day!

I truly respect how much time you put into this ebook, and am eager to evaluate the success of all future buyers

Thank you again for providing me with a vouch copy,

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
