The only thing that would make this contest better is if spots in Monopoly were being given away.?

I thought of that but also giving away a spot to someone selected on a random # generator would make the group was less HQ. It could select someone not worthy of joining Monopoly. Hope you understand

You'll need 100 bytes to incubate it and 250 more to hatch it. That's it. Feeding cost can be managed by buying the recipe. That's all you have to spend for a blue egg. Better hurry up before it starts rotting and you lose the good stats.

Good Luck with it. Play it out wisely and most importantly, remember to have fun. The moment you forget that (make it all competitive and take away the fun part), it becomes nothing more than competition. I understand that as a regular member it's hard to earn bytes and all, but be careful with that. Buy Recipe to make feeding cost effective.

Yeah. I think I can make do during this lockdown period. I should be able to get some daily Bytes with my posts. Hopefully I will be able to sustain it. Long way to go to hatch it with this pace. I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page

and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

If you are chosen and you have the award already The next alternative award will be granted. If there are no other award prizes left, then I just go to the next prize available. The \$100 BTC is going to be drawn by a random member in the group discord using a random # generator and it will be recorded and posted. Hopefully, this clears it up for you.

Congrats on winning the last uber upgrade! Paid for it and you should see it shortly!

Edit: your account must be older then 60 days for this so I can't buy it would you like bytes or BTC instead?

For some reason I didn't get any notifications about the quote. However I am actually surprised that I won. Too bad I can't get the uber, however I do choose BTC. Thanks! ??
