Thread: [\\$1 \(or 200 BYTES\) ONLY | MALWAREBYTES 95% DISCOUNT CODE | \\$5 FOR 4 YEARS](#)

Astrogen - April 9, 2020, 10:09 pm

Want to do this yourself?

Spoiler ([Click to View](#)) Just go to [Malwarebytes Student Discount](#) and provide your .edu email to them, follow their process and you'll get a discount code. If you don't have an edu email, you can buy it for around \$1 or more, or make it yourself with some edu method. But, if you don't want anymore hassle, you can buy a code from me for a dollar or 200 bytes.

Price per coupon is \$1 ONLY or 200 BYTES
I accept btc, bch, eth, xrp, but I prefer bytes.

The Process

- 1) Purchase a coupon from me.
- 2) Use it on the link I'll provide you.
- 3) Pay \$5 to malwarebytes.
- 4) And, that's it!

Turning Auto-Renewal Off

- 1) Login to the Malwarebytes website.
- 2) Click the payment tab.
- 3) Under active subscriptions, click "Cancel Auto-Renewal"
- 4) And, that's it!

No, 200 bytes for a discount coupon you can use to buy a 4-year license at Malwarebytes for just \$5. Basically, 200 bytes + \$5 (to pay Malwarebytes).

Sorry, my bad. I didn't see the process for some reason.

Spoiler [\(Click to View\)](#) The Process

- 1) Purchase a coupon from me.
- 2) Use it on the link I'll provide you.
- 3) Pay \$5 to malwarebytes.
- 4) And, that's it!

But still, that's cheap o.O

You know what? I'll come back to this. Just need to install Windows 10 first on my HP Mini Desktop.

Thanks.

Yeah, I made it as cheap as possible for hf so everyone can buy. Also, it is just easy to do as long as you have .edu email, instructions on how to DIY is on the "Want to do this yourself" part.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
