Thread: [Simple python script](#)

Patzan - April 10, 2020, 8:12 am

Hello, i need a simple python script, that if someone can code for me would be great.
PM me if you interested in this.

There are plenty of people that can do this for you, but I would suggest posting in the [Buyers Bay](#) as this section is more for questions/help with your own code rather than requests.
