Be VERY careful buying this from anyone here, most services I've seen selling this were extremely sketchy & had people complaining that it didn't work.

For \$10 I can guide you in the right direction on getting it verified, but don't waste hundreds of dollars on this because no one will be able to just verify it for you.

Appreciate that. If its just a guide in the right direction you should PM it to me for free and I can vouch for you when needed.

Honestly that service is at least 2K. Watch who you trust. Some middlemen would scam for that amount.

I can do this for \$2000 (my fee) + \$2000 approx (which I will tell you where to spend, such as articles, wiki, etc. I will not spend using my own money). We will use a MM of your choice of which you pay the fees.

This service can take anywhere up to 6 months to complete.
Although usually takes 2-4 months.

This is for a personal account.
Business accounts cost considerably more up to \$10000.

According to your reputation I don't feel comfortable with this offer even with a MM. To save my time in case it doesn't fall through. Thanks though!
