Please feel free to ask me any questions. I'm still working on adult CPA daily, so this ebook will have plenty of updates. Hi bro! I have some CPA experience, does the method work with paid or free traffic? How many hours do you need to invest daily to earn, for example, 50 a day? Is it related to [BRAND NAME REMOVED] or snapchat? Thanks

It works with free and paid traffic. I include plenty of options for free traffic :)

Realistically, expect to spend at least 45 minutes per day if you'd like to achieve \$50/day the first week. It gets easier every day if that makes sense. What you did the previous days would still give you results for months and months to come. So you could essentially be earning \$50/day with less than 5 minutes of work per day (basically maintenance) after a week, roughly.

There are multiple Snapchat and [BRAND NAME REMOVED] methods out there. Both platforms can always be worked as long as it's a unique way. I include plenty of options though if you prefer to stay away from those.

No, it's not. There's a small investment of less than \$5, but I provide options if you choose not to do so. No chatting is involved whatsoever.

How much of investment do you prefer for startup?

Also, is BTC the available method as a withdraw option?

BTC is a withdraw option ??

how much autopilot is this method? I am interested only on adult CPA, already doing great using some bots but want to scale.

SIM-2908357 - April 16, 2020, 1:02 am

It's been a bit since purchasing so I guess I'll let potential buyers in on a bit of what this ebook entails in my opinion:

If you're pretty new to ewhoring/adult cpa, its a great ebook. If you've been in the ewhoring/adult cpa scene for a while, I cant say I would recommend it because you definitely know the methods already. Contains a lot of general knowledge, but the methods do work. It's pretty short (couple of pages), it doesn't baby you and you have to fill in a lot of blanks but that's what funtela is for. I've given him my advice on how to improve the ebook and I believe he is working on updating it. I personally haven't tried the methods yet because I've been busy with work - and they do take a while to set up 6+ hours (imo). So to sum it up, if you're new to the scene I recommend this ebook. It's so cheap at \$25 and the info is solid. If you invest time into the methods you'll make your money back for sure and even more if you're dedicated, add your own twists, scale, etc.

If I were debating purchasing this ebook, this is the information I'd like to know, so hopefully this review helps with your decision ??

your review has a negative vibe. the seller said we can earn at least \$50 a day if we spend \$5 to \$10 a day on traffic and setup time is 10 minutes with the paid traffic. is this real?

(Apr 16, 2020 01:43 AM)vandeta1 Wrote: [\[CITE\]](#) what about the \$50 a day earnings he mentioned? is it real or not?

I can tell you for a fact there are people earning way more than \$50/day with the methods especially if they find and implement their own twists. Some people will make less, some more. With any method results vary based on the effort you put in its simple.

If it gives you bad vibes don't buy it. No one is holding a gun to your head forcing you to buy it, its your choice.

Its not magic, get that ridiculous idea out of your head already. You don't click run on a software that automatically adds \$50 to your bank account every 24 hours. An ebook like that doesn't exist stop believing that.

What you get when you purchase is proven methods that work for \$25 and personal help from funtela which is a good value for beginners in this scene in my opinion. If you're not willing to put in more than 10 minutes of work then idk what to say other than you're never going to make any money online.

The issue here is you guys expect to make the minimum amount guaranteed in a day. Yes, it's possible to absolutely milk all of your traffic, but not ideal.

If you guys would like to earn \$50 your first day, we will do it, but don't expect to continue earning much the following day without completing an entire process over and over.

Think realistically. I'm selling a guide and my support to get your where you want to be. Not to make a quick buck and move onto some other venture. This is for those looking to learn and build a stable structure with passive income, with minimal work.

If you guys like insane and unrealistic guarantees, go buy an ebook that costs \$100+ and "promises" you \$5k in a week.

Sorry I didn't see this question.

CPA is mainly autopilot after setup. Completely scaleable. I include manual methods as well, but it's not needed. I don't use them myself.

I was able to read over the method today, I've been busy with personal life and working on other methods during this epidemic so wasn't able to write my feedback right away.

But after reading it, it seems like a solid method that's provided. It's great that it isn't eWhoring and you don't have to look at dick pics all day. CPA is a great way and since 'sex sells,' with this method, you'll be able to scale and automate it.

To be honest, with it being only \$25, it's a steal and not to mention he offers a month refund if you don't make it back.

Favorit - May 8, 2020, 12:12 am

are you gonna tell us which traffic source to use and how to use it?

what if we dont get any or only little conversion with the traffic source?

I bought an adult cpa guide from another seller and the traffic source was platform.mirelia.co which didnt bring me any conversion.

Do I have to speak English to make a profit or can I translate everything with google?
Do I have to invest in hosting, vps or something else?
Is this guide you sell in pdf or video?

Hi Funtela,

I have 3 years of CPA experience and I have more than 26 traffic source account with me. I have wasted enough of money, buying all fake and useless product on internet. Hope ! your product will not fall on that category.

I will purchase your product and give it try for 30 days, but i have only one question, more than 50 people has purchase your product, but not a single person turn out and given his screenshot of earning ?

if you method is so easy than why no one come up with any earning proof other than those you have posted in the front page. just tell your students to post earning screenshot here !!

I want to focus only on CPA,

Does the method involve chatting with people to get conversions?

I read in the thread that you can invest 5 dollars? ... I want to invest to get more money, do you give information on how to buy traffic and how to campaign with good conversions and good roi?

how much would you have to invest per day in paid traffic campaigns, to get a good ROI?

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump.
