I'm 100% sure he won't deliver shit and will put excuses. I wanted to put this link on the thread of the BSV guy to see what he says but w/e I make a new thread and see your opinions. Let me know.

He needs to prove it so they can force him to hand it over. He can't prove it, he's been running his excuses since he started claiming he was Satoshi.

Wondering what trick will he pull off this time? I don't have anything else to say besides the fact Craig is a piece of shit and BSV is a shitcoin. Here's a good meme out of it (its something): [Craig Wright's Bonded Courier Found Bound In Holochain CEO Sex Dungeon](#)
