Thread: [New Animated Signature](#)

Syano - April 19, 2020, 10:02 pm

I have created a new gif signature,

rate my work?

It's 1.45 MB, if you're planning to use it for HF, the limit is 500 KB.I don't like the box transitioning through the text.

The particle effect is just bloating the file size.

The image has no correlation with the service.

The rest of the text moves way too fast.

3/10
