Thread: [A newbie wants to learn how to gain access to an Instagram page of someone else.](#)

noxyy - April 20, 2020, 10:01 am

Hi! My name is NOxy and I am looking for a coach/guidance who can teach me how to get access to another persons Instagram account. I'm willing to pay the person that can help me! Add me on discord or send me a message!

Discord: nexifyyy#1016
Thanks!

Save your money. There are 3 viable options for you:

1. Bruteforce that account using a brute force program (duh)
2. Infect the person with a rat and do you stuff with their PC
3. Social engineering. This might not be accessible to you. One way I was getting access to accounts back in highschool was to create a fake facebook app able to store credentials and have people use it from my phone somehow
