Thread: [Clothing brand LOGO](#)

XXXtommy - April 20, 2020, 6:24 pm

Looking for someone to design me a clothing brand logo.

The logo needs to say bad breed, it's going to be a trap/drill clothing brand. I will put some designs at the bottom with what I want it to look like on the clothing,

I want it to say Bad breed with the BB letters together! Not sure exactly what im looking for in this logo so have fun with it, check the examples in the links paying good money for a good designer.
